1. SPECIFIC REQUIREMENTS FOR ALL INTERCAP LOANS

- (a) Applications may be completed electronically but a hard copy of the signature page is required.
- (b) Upon loan approval, a Term Sheet will be forwarded to the borrower for review.
- (c) Borrower has one year from date of the Term Sheet to access funds or may be required to reapply for the loan.
- (d) Three weeks prior to needing funds, borrower must notify the Board of the desire to draw down funds.
- (e) Prior to receiving funds the borrower must complete two sets of loan documents that include:
 - a. A resolution from the local governing body approving the loan;
 - b. A form signed by local counsel stating the loan is legal and binding on the local government.
- (f) The local government is required to annually appropriate funds for the repayment of the loan.
- (g) Invoices or certificates of completed work must be submitted before INTERCAP funds are disbursed.
- (h) The Interest Adjustment Date is February 16th of each year.
- (i) Borrower will receive notice of the new interest rate around March 15th via an adjusted amortization schedule.
- (j) Any state or federal permits required must be obtained prior to closing the loan.
- (k) If the project is dependent on other funding sources, those funding sources must be committed prior to funding for the INTERCAP loan.
- (l) Eligible governments must adhere to State law when financing capital projects and cannot finance projects for a longer term than allowed. Board staff will consider the maximum loan term authorized in statute, as well as the repayment ability of the eligible borrower, when reviewing loan requests. In addition, loan terms cannot exceed the useful life of the project being financed.
- (m) INTERCAP may not be used to finance Tax Increment Financing (TIF) bonds or loans.
- (n) Loans previously approved by the Board may be increased by staff approval in an amount up to 10% of the original loan approved amount.
- (o) Private Activity Loans – Federal tax law deem loans to governmental entities as private activity when there is private business use of the governmental facility financed or the structure and/or security for the loan and limits the usage of INTERCAP Bonds for this purpose to five percent (5%). The aggregate amount of private activity loans, by this policy, is limited to four percent (4%) of the INTERCAP Bond series allocated to fund the loans.

2. SHORT TERM LOANS SPECIFIC CRITERIA (Sec. 6 of the Application)

- (a) Short term INTERCAP loans may be made to cover two types of needs:
 - a. Money to provide financing on an interim basis for projects funded from other sources;
 - b. Operating money to cover a temporary cash flow deficit.
- (b) Examples of eligible temporary project funding include interim financing in anticipation of federal grants; interim funding for Treasure State Endowment projects, and interim bridge financing.
- (c) Counties, cities, towns and school districts are statutorily authorized to borrow for cash flow deficits, other types of local governments may be able to borrow through their respective county.
- (d) All INTERCAP loans made to cover temporary cash flow problems must be repaid within the statutory time limit.
- (e) Normal local government debt limitations do not apply to Short Term INTERCAP loans per 7-6-1115, Montana Code Annotated (MCA).

3. GENERAL FUND DEBT LOANS SPECIFIC CRITERIA (Sec. 7A of the Application)

- (a) Under certain circumstances, many local governments have statutory authority to incur debt without a vote of the electors.
- (b) Because these obligations are generally payable from the general fund, loan obligations are subject to any statutory mill levy limitations, including Title 15, Chapter 10, Part 4, MCA, as amended (the Property Tax Limitation Act).
- (c) Loan terms are limited to 15 years, useful life of the project, or borrower term limit per State statute, whichever is less.

- (g) The Board will require a reserve account (one year debt service or 10% of the loan, whichever is less).

- (i) Preliminary Engineering Report (PER) Loans-specific criteria.
 - a. The engineer must be a registered professional licensed to practice in his or her area(s) of competence and expertise in the State of Montana and be obtained prior to the Board's commitment.
 - b. The maximum term is six (6) years.
